

Calls to Action

During our time together on August 10th, we shared Calls to Action, or specific issues, opportunities, resources, and actions we are involved in or aware of in our community around social justice, activism, and spirituality. Two of the actions have already passed (and were posted to our website and on facebook,) but below are details about other work to plug into!

- Resource Generation

Resource Generation (RG) is a multiracial membership community of young people (18-35) with wealth and/or class privilege committed to the equitable distribution of wealth, land, and power. On Sept. 8th from 12-2 there is an open house hosted by some local RG members to share about RG and what we're doing locally. This is a really awesome, supportive group for those of us with class privilege who struggle with the inequities in our world and want guidance with knowing what we can do about it. Contact Lauren (community.inspired.action@gmail.com) for more info if you're interested!

- Postcards to Voters

Write and mail postcards to Democratic voters reminding them of upcoming elections. Postcards are handwritten and can be done individually or as a group. Scripts, names, and addresses are provided
